FLAME RETARDANT FOLIAGE

Avoid the spread of fire and protect your business by offering guests, customers and staff a stunning yet safe environment ·
inherently fire retardant foliage.

With an incredibly realistic appearance, high-quality materials and inherently fire retardant properties guaranteed for life, I : foliage has long
been the number one choice for architects, landscapers and designers around the world looking to add a special touch to their projects.

products are manufactured with fire-resistant materials and chemicals, making them 100% fire retardant right down to the core.

foliage has been rigorously tested to ensure It meets different fire-safety standards around the world. An impressive collection of official
worldwide FR certificates are all available on request.
